

Time-Resolved Vibrational Spectroscopy

By Alfred Laubereau

Springer Mai 2012, 2012. Taschenbuch. Book Condition: Neu. 244x170x17 mm. This item is printed on demand - Print on Demand Neuware - For more than two decades time-resolved vibrational spectroscopy (TRVS) was only part of general conferences on solid-state physics, molecular spectroscopy, photochemistry and photobiology. It was in 1982 when the first meeting on TRVS was organized at Lake Placid. The conference met a strong need among the workers in the field, and it was decided to continue with special conferences on this topic. The 2nd International Conference on Time-Resolved Vibrational Spectroscopy was held June 3-5, 1985 at Bayreuth-Bischofsgrun, Germany. Scientists from many disciplines came together to discuss their common interest in time-resolved techniques and spectroscopic applications. The high quality of the research presented, the enthusiasm of the participants, and the attractive surroundings combined to an enjoyable atmosphere. Ample time for discussions and the limited number of participants (approximately 100) stimulated the formal and informal exchange of ideas. Numerous people helped to make the conference run smoothly. Special thanks are due to Mrs. Lenich for making the technical arrangements, and to the program committee for the selection of the scientific presentations. The meeting has benefited...
