

## How Not to Be a Money Launderer: The Avoidance of Money Laundering and Fraud in Your Organisation (Paperback)

Filesize: 4.22 MB

### ***Reviews***

*This ebook might be really worth a go through, and much better than other. I have got study and i am sure that i will going to study again once more in the future. You will not feel monotony at at any moment of your own time (that's what catalogs are for regarding in the event you request me).  
(Krista Lindgren)*

## HOW NOT TO BE A MONEY LAUNDERER: THE AVOIDANCE OF MONEY LAUNDERING AND FRAUD IN YOUR ORGANISATION (PAPERBACK)

Createspace, United States, 2011. Paperback. Book Condition: New. 201 x 135 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Essential Reading for money laundering and financial crime practitioners (first published 1996) Before regulators and the Financial Action Task Force cared about hawala, Morris-Cotterill highlighted its risks; before anyone coined the buzzword trade-based laundering, Morris-Cotterill explained the concepts and abuses; long before countries expressly criminalised sex tourism, Morris-Cotterill explained how to attack the money flows to reduce the incidence of fly-in child abuse; before the concept of a risk approach was on any regulator s agenda, Morris-Cotterill presented all money laundering related compliance and avoidance as a risk management issue. And he introduced and explained the risks of laundering through dealers in high-value goods. That is just a small selection of the things that first appeared in this book but have since become recognised as norms or standards. Morris-Cotterill wrote the book for a general business readership, not just lawyers and high-level staff in financial institutions: he dealt with compliance in, for example, car dealers and other dealers in high-value goods. So he eschewed complex terms such as Placement, Layering and Integration instead creating the alternatives hiding, moving and investing - terms which have recently found their way into US government documents. How Not To Be A Money Launderer was a ground-breaking book that had an extraordinary ability to predate the development of counter-money laundering laws around the world. And will continue to do so as the risks and approaches developed in it continue to be adopted. The most obvious lesson to be learned is one which goes against the grain of all manner of institutions who think they are too big, too old, to wise to be taken by a fraudster, a money launderer or a negligent...
