Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Tongue Not Essential to Speech: With Illustrations of the Power of Speech in the African Confessors Between Roman Catholics and orthodox Protestants there has never been a difference of opinion as to the truth of the miracles recorded in the New Testament; for to both, that truth is guaranteed by belief in the inspiration or special authenticity of the writings wherein those miracles are set forth. But the case is far otherwise as to belief in any subsequent miracles. Among orthodox Protestants the belief in these has fluctuated according to diversities in schools of theology and thought, or the intelligence and temperament of individuals: till in the course of the last century it eventually became weaker and weaker in proportion to the increasing strictness of the requirements for the historical evidence of common facts.
