Cranmore Publications, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English Brand New Book ***** Print on Demand *****.A Neurolinguistic Course for English Learners is the first ever book written about Neurolinguistic Programs (NLP) for college students in China and possibly in the world. As an NLP innovator and program developer, I have developed this text book to enhance the skills of English acquisition through the use of NLP programs and skills. The text book and course include reading, writing, listening, comprehending and speaking English skills. Students who complete the course with a certified NLP trainer, will complete the Practitioner Level of certification. Skills presented in the book include but are not limited to the core process, Circle of Excellence, TOTE model, Logical Level Alignment, Eye Accessing Cues, the Meta Model and more. Native of Idaho in the USA, Prof. Debrah Roundy graduated from the University of Idaho with a M.Ed. and from NLPU as an NLP Master Trainer and Consultant (2009) and a facilitator and transformational entrepreneur (2014). She has been a teacher, special education teacher, a developmental specialist, a school consultant and a Neurolinguist teacher, developer and coach. Her research interest is curriculum development...
