Models were made capable of flying distances and with durations that, to the early flyers, seemed impossible. In the hand launched contests models were flown for distances ranging from 2000 to 2500 feet, the winning flight being 3537 feet, and it might also be said that the contestant who flew this model, with a model of the same design established a duration record of 195 seconds. As this goes to press, information is received that the World's Record for distance for hand launched models has been broken by Thomas Hall, of Chicago, Ill., an Illinois Model Aero Club member, with a flight of 5337 feet. Another interesting result of the competition was the establishing of a world hydroaeroplane record by a member of the Illinois Model Aero Club with a model of the tractor type, a four-bladed propeller being used in...
